

31st October, 2017

Dear pupils, parents, carers and staff,

On behalf of The Arches we are writing to thank you all for the very generous Harvest Festival donations. These will make a real difference to the lives of many of the people that we see at The Arches and help to put a smile back on their faces.

Below we have included a photo of our food shelves after your donations were added.

Many of the people we see at the Arches are facing real hardship, maybe because they don't have a job or somewhere to live, or they may have had to leave their home due to difficult circumstances beyond their control. At the Arches, with your support, we are able to supply emergency food parcels, alongside furniture, clothing, baby equipment and household goods. We also run a number of community groups to help support people. If you would like any further information then feel free to visit our web page at www.thearchesnottingham.org .

Thank you once again for being such a generous and thoughtful school community.

Gill and Chris McBrien.
Arches Volunteers
