Looking after ourselves and our Common Home

Phil from Severn Trent visited the whole school on Thursday and taught us all about the importance of staying hydrated and making sure we don't let single use plastic cause pollution in our rivers. We all enjoyed the assembly and Year 4 took part in a fantastic workshop afterwards.

If you want to find out more head over to the fantastic learning site, simply Google Severn Trent Primary Education

Mrs Bencherif is returning to school

Our community would like to welcome back Mrs Bencherif who is returning to teach Year 3 from the 23rd May. She has most certainly picked the best term to return!

Congratulations!

A huge congratulations to our Quaddkids who took part in an athletics competition and won the local finals. They will now go on and represent Gedling in June!

Sun Safe!

A parent and friends group from St Teresa's Academy in Aspley, which is within the Our Lady of Lourdes Trust, have very kindly raised enough money in the memory of a parent for of all of our school to have some sun safety leaflets and a sun cream dispenser in school in case a pupil needs some cream and have forgotten their own.

We wish to thank the parent group for their super walking efforts and raising £900 to benefit all the 24 schools in our Trust.

Now the sun is shining, please remember to bring your hats, sun cream and water bottles to school to keep our skin safe.

If you would like further information about sun safety please visit:

A massive thank you to a family in year 1 who helped Sacred Heart Receive a £500 donation from the educational resource company Findels!

It will come in very useful indeed! THANK YOU!

Monday 25 th July	Leavers Mass in church	

**Wednesday 25th May
2022**

We have been overwhelmed with the generosity of local businesses and you as parents for all your kind donations for our Jubilee raffle. We have a wealth of items to win - first class train tickets to London on a date of your choice, free meals and drinks at local venues, bottles of fizz, candles and lots of other treats and luxury items... it's amazing how generous the community is!

We will draw the raffle on Wednesday afternoon.

You are very welcome to join us from 14:15 on Wednesday, have a cup of tea or taste the amazing cakes that I know are on their way for our competition. Please remember to include an ingredient list so we can keep anyone with allergies safe. Once children have been handed over to parents they are the parents' responsibility so we can ensure remaining pupils are safe.

We have activities, many of which have been planned by the children themselves. If you can't come on Wednesday, and you may wish to provide your child with a bit of spending money so they can have a go on a game or two and buy themselves a cake. Please make sure this is in a wallet/purse with their names on to help the teachers.

We still need more adult helpers - if you could, we would greatly appreciate some more

Lost Property

We have so many coats, jumpers, parts of PE kits that have found our way to the lost property box again without any names in. Please write your child's names on **all their** belongings with a permanent pen or a sew in label. If names are on items we can return them as soon as they are recognised as unclaimed, without the names this is impossible.

Does anyone have a large van that could transport a shed (dismantled) and 7 pallets from two different locations? We are trying to gather resources for Mrs Dames' new adventure into Forest school and have had these kindly donated but struggling to get them to Sacred Heart. If you could help, please contact Miss Hornsby.
